DX Highlights of ARRL Board Meeting DXCC Restructuring?

At its recent meeting in Newington, the ARRL Board of Directors moved that the DX Advisory Committee (DXAC) "consider the advisability of restructuring the DXCC program...up to and including a 'fresh start'." Input from the DX community both here and aboard is requested. The final report of the DXAC on this possible restructuring of DXCC is due Dec. 31, 1988. [This open-ended study may result in the most significant changes to DXCC in 50 years. Stay tuned to TDXB for more on this important topic. -ed.]

The Board also approved the **Golden Jubilee DXCC Award** for working 100 countries in 1987. No QSLs required under an "Honor System," no band or mode endorsements. A "nice certificate" is promised. The certificates will not be numbered, but they will be dated, which should spur some competition for the first few awards.

Rush Drake W7RM, as DXAC liaison to the Board, reported on 4U1VIC. Rush went through the 3-year history of the 4U1VIC application for separate country status, mentioning that in 10 DXAC votes on various aspects of the question, the closest vote was 10-3 against. Rush further pointed out that the Board had never overruled the DXAC in post-war DXCC, and to do so would be a bad precedent that would undermine the authority of the DXAC. Later Wayne Overbeck N6NB moved that the Board confirm the decision of the DXAC **not** to grant separate status to 4U1VIC. The motion died for lack of a second. Thus the question of 4U1VIC becoming a New One is dead. That station joins Shetland Islands and Sicily as separate "countries" for WAE and CQWW contests, but **not** for DXCC.

The DXAC report from Chairman W4FRU said that **Aruba** was an "agenda" item, which means a vote may come in a few months.

No action on the **Pribolofs**.

Propagation Watch

The E-skip season is in full swing, so keep an eye on those higher frequencies for short skip, as well as north-south propagation. Lots of goodies on 15 this summer, considering the minimal sunspots.

RTTY Bandpass

The news of the week was **1A0KM** on 14090 for about 12 hours July 20. QSL these RTTY QSO only to the operator I0AOF, who made about 200 contacts.

Sojo **VK0SJ** on Macquarie skeds his temporary QSL manager **WB6AFJ** on 14088 at 0100Z Tuesday and Saturday.

Some RTTY DXers report **C02BB** is a good QSLer; others ask how to get a card from him.
